Upon checking with VLCT she was told it should have been posted and told the board that at their last meeting. Coons then started discussion on his dissatisfaction with the handling of the employee issue.

Gary Atherton suggested to the board that there be more communication between the board and employees. Road Commissioner Hurtubise agreed and said he would make an effort to do more.

Darlene Gregoire asked the board to consider placing the REAC appropriation of \$2500 in the budget instead of as a separate article. The board said they will discuss it during budget meetings. Tillotson said this had been done because of several complaints about the town supporting REAC and the board decided to let the voters decide.

Eric Collins stated that he would like to speak with Sherry about an inexpensive way to heat the stage. He also said he would like to see the town cancel the sheriff contract.

Paquette reported that Bob Peters has given us a \$3000 estimate to build stairs to the clock tower. Neal Lovelette has offered to donate \$1500 toward the project. She also is getting a quote from Ryea and Sons to replace the doors at the fire station. She said the fire station roof is leaking and the paint inside is peeling, she will get an estimate for that as well. She said Darren McAllister has a solution for the floor at the Post Office.

Pond reported that he is still looking for a person to tow cars. One didn't have the proper insurance and he is checking with a second company. He said the park lights are broken and he will look into fixing them.
